

Written Determination Regarding an Electronic Meeting Without an Anchor Location

As chair of the Senate Transportation, Public Utilities, Energy, and Technology Confirmation Committee, I have determined that conducting a meeting of the Senate Transportation, Public Utilities, Energy, and Technology Confirmation Committee with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location. This determination is based on the following facts:

- There is risk of potential violence resulting from planned protests at the Capitol Complex.
